5 CENTS A COPY

Mass Meeting Of Farmers to Be Held Soon

Sponsored by United Farmers of Alberta, a mass meeting is to be held in Crossfield on Monday, Oct. 27, in support of asking the Dominion Government to increase the initial payment on wheat delivered to the Wheat Board from 70c to \$1 per bushel, f.o.b. terminal. This is one of a series of such gatherings being held throughout the province, and is scheduled for 2:30 p.m. in the U.F.A. hall. It is expected that Mr. Frank Laut, M.L.A., will address the meeting.

PERSONAL PARAGRAPHS

Mr. and Mrs. D. Elhard of Calgary spent Friday in Crossfield visiting their sons.

Mrs. Hutton has received a cablegram informing her of her husband's arrival in England.

Mr. and Mrs. Lindsay and Dennis have moved to Calgary where Mr. Lindsay is taking the Youth Training Course.

Mr. J. Atkins of Carmangay spent the weekend with his son-in-law and daughter, Mr. and Mrs. E. A. Edlund.

Born, to Mr. and Mrs. John Larsen on Sunday, October 5, a son.

Mrs. K. Pickerman and family of Calgary were weekend guests at the home of her mother, Mrs. L. McBride.

Mr. and Mrs. Harvey Stone and family, formerly of the British Block, are renting the J. P. Methel farm.

Mrs. P. H. Fleming and Miss Nora Fleming returned Friday after spending a month visiting in Eastern Canada. On their return they stopped at Saskatoon to visit Jack Fleming and Warren Hall, who are stationed with the R.C.A.F. in that city.

Sergeant and Mrs. R. S. Fleming left on Tuesday for Camp Barrie Field in Kingston, Ont. Prior to their leaving, Mr. and Mrs. Fleming were honored by a farewell dinner at the home of S. G. Fleming. Other guests were Mr. and Mrs. D. Fleming. Sgt. Fleming is an instructor of mechanics.

Mrs. E. Bishop of Calgary visited her brother, Wm. Urquhart, this week.

Ten radio owners were hailed into Crossfield court Wednesday and were fined for failure to obtain a licence for radio.

The ticket of Crossfield post office will be open only between 10 and 11 a.m. on Thanksgiving Day, Monday, October 13, but the lobby door will be open all day. Mails will go out as usual.

About 25 guests gathered at the home of Miss Cora Hall on Tuesday evening in honor of her 21st birthday.

Mr. W. Spivey is in a Calgary hospital under observation.

A. E. EDLUND TO RESIGN FROM SAVINGS GROUP

A. E. Edlund announced on Tuesday night that it is his intention to resign from the position as head of the Crossfield & District War Savings Committee. Mr. Edlund's reason for his action was his extreme lack of time, but stated he would still be an active member of the committee.

BIRTHDAYS SAME DAY; ANNIVERSARY TWO WEEKS LATER

Mr. and Mrs. W. Woolege of Crossfield both celebrate their birthdays on the same date, October 6, and on Monday Mrs. Woolege became 80 years old and Mr. Woolege 77 years. On October 18 the popular couple celebrate their golden wedding anniversary. Several ladies surprised Mr. and Mrs. Woolege on Monday afternoon to help them celebrate their coincident birthdays.

Dog Pound

Several threshing machines started at the weekend for the untempest time but the unsettled weather soon settled that. Strange faces are numerous in the district while Calgary nimrods are staging their annual "blitz" on prairie chicken and partridge. Deer can be seen from this townsite occasionally, presumably looking for hunters.

Robert Culling, Jr., was reported very ill last week and it was suspected that he had diphtheria. This has not been definitely established yet but reports are that he is improving.

Fred Wilson threshed some feed grain last week and reports the straw was surprisingly dry but the grain, of course, was tough. Binders were working last week cutting the remainder of green feed.

The first hard frost one night last week turned the leaves on the trees and took its toll of engine blocks—as first frosts will.

Mrs. M. Blatchford of Bottrel, who was rushed to Calgary recently with infantile paralysis, is reported doing fine.

Mr. E. G. Loughheed was a business visitor to Calgary recently.

Mr. J. H. Harrison of Crossfield was in the district and, according to reports, found a little mud.

Woodrow Hoffman was taking advantage of the delayed harvest to complete his house.

Trail Rangers

By Gordon Reeves.

The Crossfield Trail Rangers had their first meeting since May to start the winter season. It was an unusual meeting since the Chief Ranger was late and the Tally was absent.

Our Mentor, Rev. H. V. Ellison, started the meeting with the usual opening ceremony. It

EXTINGUISHER FOR FIRE TRUCK

The regular meeting of the Crossfield Village council Monday night authorized the purchase of a second fire extinguisher for the fire wagon. The new hand extinguisher will supplement the one already in use which was donated to the Village. Front tires for the truck which were authorized to be bought by a recent meeting of the council have not yet been ordered. Mayor W. J. Wood remarked that up to now there had been no suitable second-hand tires available.

SIDE-SWIPE BY STAGE

J. McCool, driving out from the C.P.R. depot in Crossfield on Friday night, was side-swiped by the north-bound bus. Mr. McCool was driving onto the main street in front of the parked bus just as it started to pull out from the roadside. Damage was done to the fender of the McCool car but only the license plate of the bus was bent.

HARVEST FESTIVAL SEES ANGLICAN CHURCH WELL DECORATED

Church of the Ascension at Crossfield was beautifully decorated for the Harvest Festival on Sunday and many complimentary remarks were heard of the artistic taste of those who did the work. The altar came in for special mention with its white frontals and beautiful flowers. Decorating was done by members of the Guild, A.Y. P.A. and Girls' Auxiliary. The grain was given by Mr. and Mrs. Mitchem, who have given this offering for many years. Gifts of fruits and vegetables were taken to the Children's Red Cross Hospital Monday where they were gratefully accepted.

The services were only fairly well attended owing to the condition of the roads.

was disappointing to see such a few members present for the first meeting of the new season.

On Friday, Oct. 10, the Rangers are holding a Pork and Bean Social when each member is to bring a MALE partner in an effort to enroll new members.

Mentor Ellison hopes there will be a large turnout for this special occasion.

GOOD NIGHT. GOOD AGENDA. POOR TURNOUT!

Only seven members attended the meeting of the Crossfield & District Board of Trade Tuesday night and as a result no official meeting was held. Although there were many items on the agenda of importance nothing more than a general discussion was in order. Business that should have attracted the attention of all members included discussion of the wheat problem, investigating the possibility of an air field in Crossfield under the extended program of the Commonwealth Air Training Plan, civic improvements, store closing hours and forming of a winter program.

MADDEN

Mr. and Mrs. Francis Byrt are now residing on the Klitke place.

Miss Frances Smylie has gone to Calgary to enter fall training classes at the General Hospital.

Mrs. L. Havens and Hazelle spent Wednesday at Airdrie.

The Madden Ladies' Club met at the home of Mrs. Ray Havens and a large number were present. The final arrangements were made for a bigger and better Fowl Supper on Oct. 24.

The next meeting of the Ladies' Club will be held at the home of Mrs. D. Parsons on Nov. 5.

Bill Tidball was a visitor to Calgary recently.

Mrs. Mashford visited her parents in Trochu last week.

Mr. and Mrs. Jim Banta were Calgary visitors last Friday.

Last Thursday Mr. and Mrs. Garland of Calgary spent the day at the home of the latter's sister, Mr. and Mrs. W. Tidball.

Roy Cameron of the Signal Corps spent the weekend at the home of his parents, Mr. and Mrs. Duncan Cameron. He returned on Sunday to Calgary.

On Sunday Mr. Mashford, Mrs. Ray Havens and Richard motored to Trochu.

Miss Hazelle Havens went to Calgary on Friday, returning on Monday.

Last Wednesday the gentlemen of the district were gathered at the new church premises helping to fill the dirt in around the building.

BOOKS FOR TROOPS MAY BE LEFT AT P.O.

Special arrangements have been made with the Canadian Postal Department to facilitate the sending of books to the different training camps in Canada and Newfoundland. The books (not magazines or newspapers) may be left at the post office and should be clean and in good condition. There is no need to wrap the books as they will be placed in mail bags especially provided for the purpose.

Spr. Vanduzee Writes of Red Cross Efforts

The following is an extract from a letter received by Mrs. F. Stone of Dog Pound from her brother, M414166 N.B. Vanduzee, Spr. Royal Canadian Engineers, 4th Field Co., Somewhere in England. Mrs. Stone has been kind enough to grant the Chronicle permission to publish the letter.

"You asked me what the Red Cross was doing for us. They do not do anything for the boys until they take sick. Then they give all they can in comforts and it is quite a lot. But they do better than that. In places that are badly bombed they help with clothing, foodstuffs, hot drinks in the night and things like that. I just give you one little incident that happened and believe me, I am for the Red Cross from now on. If it will help to raise money use it.

"I was up to London some time ago. Of course I was up for fun and had it. Here they take in the sidewalks about 10 o'clock. I came in to bed about 11 and before I got undressed the alert went. Of course like the rest I dove into a shelter, curled up in a corner and went to sleep. As I had my sweater and overcoat on, it wasn't too bad. Along about six bells I crawled out and rubbed the sleep from my eyes, cussed a little at having to miss sleeping in a soft bed, and started to hunt something to eat. I walked about two blocks when I saw a young woman on the street with a child about three and another a year old. They were in their night clothes and nearly frozen. They had left their beds and made for a back yard shelter when a bomb hit their house and it was no more. What money she had was in the house and she lost that. I wrapped one kid in my sweater, the other in my tunic, put my coat on her and got them into a cafe for breakfast and to warm them up. We then rounded up a taxi, headed for the Red Cross which was the only place open, and had them fitted out with clothes and they stayed there in a warm place until the authorities fixed them up. The Red Cross had hundreds like that every day. When I left she said, 'God bless you, Canadians and the Red Cross'.

"They need help far worse than we do so go at it although we don't get any help until we are sick. That happens every time there is a raid. The government helps them all but like all government things they had so much red tape to go through and so many cases to handle in a big raid that a lot of people would suffer a lot more if it wasn't for the Red Cross."

PLAN APPROVED

Plans were approved by the Village of Crossfield council on Monday night for an addition to the Springstein house.

Heroes Abound in Personnel of 'Lease- Lend' Warship

By TOM HORGAN

BOSTON, Oct. 7.—If H.M.S. Burnham, formerly the U.S.S. Aulick, does not make a name for herself in the Second Great War, she will be doing less than some of the officers and men who sail her.

One of the 50 United States destroyers turned over to Britain in exchange for Atlantic bases, she was in port today for overhauling. Several other British warships also are here for repairs or reconditioning.

The Burnham's career under British colors was discussed by Lieut. Christopher Preston, 23-year-old second in command, who last May received from the King at Buckingham Palace the Distinguished Service Cross for sinking a German submarine while he served aboard the destroyer Delight. The submarine, he said, blew up after a five-hour attack with depth charges.

Other heroes aboard the Burnham include George Frend, 41-year-old Australian able-bodied seaman, veteran of the First Great War and survivor of Dunkirk, holder of the Distinguished Service Medal. He received that decoration "for keeping my gun in action" until he and the gun were blown into the air together by a German dive bomber.

Frend then was serving of the converted paddle-steamer-vacation steamer Crested Eagle, which was sent to Dunkirk to evacuate British soldiers. The vessel had many troops aboard when attacked by 200 to 300 German bombers, Frend said. Repeatedly struck, she soon was afire from stem to stern.

There were, he said, grimy, "a lot of bad stretcher cases." He estimated the Crested Eagle's survivors at 100.

Severely burned, Frend knew nothing from the time he was blown overboard until he gained consciousness in an English hospital.

Leonard S. Lilley, 26, a leading seaman from Kent, told modestly why he had been mentioned in the dispatches. He was on the British destroyer Kelly close to the German coast when she was torpedoed and almost cut in two by a motor tor-

THIRD ANNUAL AUCTION SALE OF REGISTERED HEREFORD CATTLE

WILLOW SPRINGS RANCH - CROSSFIELD
5 Miles Southwest of Crossfield and 25 Miles Northwest of Calgary
Tuesday, October 21st, 1941, at 12 o'Clock Noon
Favored with instructions from Mr. Frank Collicutt I will sell the undermentioned:

15 YOUNG REGISTERED HEREFORD COWS

(Mostly with calves at foot)

50 REGISTERED TWO-YEAR-OLD HEIFERS

(All bred and believed safe in calf)

20 REGISTERED YEARLING HEIFERS

(Open)

15 REGISTERED YEARLING BULLS

(A number of herd header prospects)

NOTE.—I have personally seen above offering and they are, in my opinion, without a doubt the best cattle I have ever sold by auction for Mr. Collicutt. Most of the cows have calves at foot and a number are rebred. The young bulls are in splendid growing shape and are of the same breeding as the 10 bulls Mr. Collicutt sold in the last Calgary Bull Sale at an average of over \$460.00.

A free people must INVEST in its own FREEDOM

A Message

FROM THE WAR SAVINGS
COMMITTEE, OTTAWA

The people of Canada are the most fortunate in the world.

Fortunate in the great sweep of space that is ours from ocean to ocean.

Fortunate in the vast yield and immense resources of our forests, fields and mines.

Fortunate, too, in our democratic institutions.

In a word, fortunate in our freedom. This freedom is threatened today as it has never been threatened before.

The fall of the British Empire would mean complete dislocation of our unfettered way of life.

Everyone wants this way of life defended—this freedom saved—for our own future and for posterity. The response to every appeal for our defense has been magnificent—heartening to the whole Empire—alarming to Hitler.

But the need for weapons of war grows ever more urgent, as the Nazi threat spreads wider over the world.

Three Simple Regular Methods of Saving

BANK PLEDGE PLAN—Convenient for business men and women, and others not on a payroll. Simply sign a War Savings Bank Pledge and give it to your bank. The bank will make monthly deductions from your account.

WAR SAVINGS STAMPS—A handy, installment plan. Stamp folders may be obtained from Post Office, Banks and many retail outlets. 16 stamps will buy one \$4 Certificate, worth \$5 at maturity.

The help of every Canadian is needed for Victory.

In these days of war the thoughtless, selfish spender is a traitor to our war effort.

A reduction in personal spending is now a vital necessity to relieve the pressure for goods, to enable more and more labour and materials to be diverted to winning the war. The all-out effort, which Canada must make, demands this self-denial of each of us.

Invest in War Savings Certificates the dollars you don't need to spend. After Victory, they come back to you with interest. Spend less NOW so that you can spend more THEN, when labour and materials will be available for the things you need. There is no price too high for freedom.

RURAL SAVINGS PLAN—Farmers receiving regular payments from marketing outlets can authorize regular deductions of any amount from their cheques. If delivering grain to an elevator, authorize it to issue a cash ticket in the largest possible multiple of \$4 in favor of The Receiver General of Canada, for the purchase of War Savings Certificates, to be registered in your name and mailed you direct.

SUPPORT THE WAR WEAPONS DRIVE IN YOUR COMMUNITY

Every town and city in Canada will soon conduct a War Weapons Drive. You will be asked to put all you've got behind the campaign in your community. Canada must provide more planes, more ships, more tanks, more guns, more shells. If you are already buying War Savings Certificates—raise your pledge. If you are not, get your dollars working for Victory.

SPEND LESS—TO BUY MORE WAR SAVINGS CERTIFICATES

Published by the War Savings Committee, Ottawa.

COW HIT BY FREIGHT

A cow from the herd of R. J. Hawley was struck by a north-bound freight on Wednesday evening of last week and had to be killed. Mr. Hawley states it was the best cow in his dairy herd.

Big business on a little money means Chronicle Want Ads.

LARGE RED CROSS SHIPMENT FROM AIRDRIE

The Airdrie branch of the Red Cross Society shipped to Calgary for the months of August and September: for civilian comforts—19 large quilts, 2 crib quilts, 2 suits pyjamas, 8 dozen diapers. Hospital supplies included 4 dozen pillow cases, 11 suits pyjamas, 12 pair socks, 8 sweaters, 17 helmets. The Women's Auxiliary sent: 9 sweaters, 6 helmets, 14 pair socks, 2 pair of mitts. The local branch includes the east and west communities of Airdrie.

COMPLETES TRAINING AS RADIO TECHNICIAN

Mr. Allen Clayton, a radio technician in the R.C.A.F., left Monday for Halifax where he expects to be stationed for a short time before going overseas. He was home on a two-week furlough when he received notice for an extended ten-day leave. He finished his training course with a class of 200 from the University of Alberta a few weeks ago.

UNITED CHURCH CELEBRATES 19TH ANNIVERSARY

Rev. J. Rolph Morden, pastor of Wesley United Church, will be the speaker on the afternoon of Oct. 12, in the Airdrie United Church. This service, which will be at 3 p.m., will include all three parishes. On Monday, the annual Thanksgiving Chicken Supper will be served beginning at 6 p.m. This will be followed by a lecture from Dr. W. Hollingsworth.

These events are being held in respect of the 19th anniversary of building the church.

HONORED

Mr. and Mrs. James Dowler of Veteran were recently honored on the occasion of their golden wedding anniversary. Mr. Dowler was a former C.P.R. agent at Airdrie, leaving in 1910 for Veteran.

A. G. T. OFFICE NEWLY-HOUSED

The Alberta Government Telephone office has been transferred from its old quarters into the new home of Mr. and Mrs. Ernest Clayton at the east end of town. All of the office equipment is new including an electric bell. Mr. and Mrs. J. McEachern and family have moved into the house left vacant by the Claytons.

The Junior Choir is meeting each Tuesday after school for practice. Until the cold weather arrives, the meetings will be at the church. Mrs. J. E. Ball is the leader.

SEEDTIME and HARVEST

Dr. K. W. Neaby
Director, Agriculture Department
North-West Seed Elevator Association
"Going Back"—1.

The belief that varieties of wheat and other crops deteriorate, or "go back" is widespread. This belief is probably quite old; indeed, it may trace back to Charles Darwin's conviction that "nature abhors self-fertilization." Thus in the early years of the present century we witnessed efforts to rejuvenate Red Fife and Marquis by crossing different plants of the same variety. This resulted in "regenerated" Red Fife, or "regenerated" Marquis; but there was never a shadow of evidence that the regenerated strains were any more productive than the originals.

The "going back" idea may be strengthened by the knowledge that growers of hybrid corn must renew their seed each year. However, the situation with cross-fertilized crops, such as corn, is quite different from that with crops mainly self-fertilized such as wheat, oats and barley. The fact that Thatcher wheat suffered from leaf rust this year has led many people to believe that its rust resistance is weakening. This is emphatically not so. Leaf rust and stem rust are caused by two quite different fungi. Thatcher has always been susceptible to leaf rust, and there is nothing to suggest that it is less resistant to stem rust than it was ten years ago.

Deterioration in farm stocks of wheat is due to volunteering of other varieties grown a year or more earlier, to mechanical mixing in machinery or granaries, to livestock pasturing on or passing over fields, and to occasional natural crossing with other nearby varieties. The occurrence of speltoids in wheat might be considered an example of deterioration through natural causes; but they appear to be largely self-eliminating.

AROUND FIELD AND BARN

By E.M.C.

This might be as good a time as any to remind readers that Russian Thistle is becoming more of a menace in parts of this district. So far the infestation is mostly on roadsides and fence rows, or in places where cultivation is not possible. But this fall it was found growing in crop on two farms where the farmers did not know the weed—and that is the beginning of trouble.

Some readers may remember about ten years ago when Tumbling Mustard began to invade this district. We were told that it would never be a serious menace here.

The Mustard has been held down pretty well, some districts showing only a slight infestation now, but Russian Thistle is not easy to control.

It is not possible to completely eradicate this weed as it will not stay home and is always liable to blow in from other districts. It can, however, be held in check and prevented from becoming the serious menace that neglect has allowed it to become in other districts.

Burning is the surest and the cheapest way to destroy Russian Thistle where cultivation is not possible. Cutting is of no use as the plant will grow again and set seed late. Where cultivation is not possible Russian Thistle must be burned or pulled out by the roots while still green.

MEN LIABLE FOR SERVICE MUST NOTIFY REGISTRAR OF CHANGE IN STATUS

Men of the ages liable for call for military service are advised that it is necessary to notify the Divisional Registrar immediately of any change in their marital status. J. P. McIsaac, Court House, Edmonton, is the Registrar for Division 'N'. It is also pointed out that changes in registration are necessitated by changes in marital status. This notification made be made through any post office and must be made by both man and wife in the case of marriage.

Harvesting Holdup Reflected in Prairie Deliveries

OTTAWA, Oct. 7.—During the week ended Oct. 3, export shipments overseas of wheat amounted to 1,913,555 bushels, the Dominion bureau of statistics said today. This compared with 2,082,555 bushels for the corresponding week in 1940. The accumulated total for the period from August 1, 1941, to Oct. 3, 1941, was 23,303,716 bushels compared with 15,503,290 bushels a year ago.

Wheat receipts in the prairie provinces for the week ending Oct. 3, 1941, amounted to 6,086,116 bushels, a decrease of 1,504,969 bushels from the revised figures of the previous week. During the corresponding week a year ago the receipts were 24,082,214 bushels.

By provinces the receipts for the week ending Oct. 3, 1941, were: figures within brackets being those for 1940—Manitoba 705,387 (1,507,857); Saskatchewan 4,014,857 (13,357,799); Alberta 1,496,959 (8,599,558) bushels. Canadian wheat in store Oct. 3 totalled 476,842,312 bushels compared with 474,239,241 bushels for the previous week and 411,324,465 bushels for the week of Oct. 4, 1940.

pedo book. The commander, now captain, Lord Louis Mountbatten, cousin of the King and recently given command of the aircraft carrier Illustrious, wanted to save his ship and asked for volunteers to remain with him. Lacey and five officers and 11 others enlisted men did so, although the Kelly's decks were awash. Under almost constant bombing, they reached Newcastle 2 1/2 days later at the end of a tow line, having made the voyage at 2 1/2 knots. The Kelly was repaired, but subsequently lost at Crete.
